Dear Mr. ~~Houseal~~ Houseal:

Thank you for your donation to the Dance Division of 1 VHS videotape entitled *Core of Culture Board Demo 2002*, which includes footage of Drikung dance technique. In addition to this videotape we also received by mail on January 8th, 2003 an Asian Cultural Council annual report and a photocopy of *La Source*, an essay from Ballet Review offering an appreciation of ancient movement through the perspective of observing a Nijinsky reconstruction. We are delighted to add these materials to our collection.

Like all films and videotapes in the Dance Division, these materials will be available for study in the Library's reading room only and will not be loaned or used commercially in any way.

Thank you for your continued support of the Dance Division.

Sincerely,

With every best wish,
Madeleine
